

This month's programming is an educational podcast on deltoid ligament injuries by the American College of Foot and Ankle Surgeons. Use the following link http://www.acfasdistancelearning.com/assets/subpages/Podcasts/older_entries/old_entries2016.html. Once on the page, then scroll down to 16PC237: Deltoid Ligament Injuries. Click the Audio MP3 icon to listen to the podcast. After listening to the podcast, discuss the following questions with your mentor/mentee.

Discussion Questions:

- 1.) What did you learn about deltoid ligament injuries that you previously didn't know?
- 2.) After listening to the podcast, will you change how you evaluate and/or treat deltoid ligament injuries?
- 3.) Have you used podcasts as an educational tool before?
- 4.) Would you use podcasts again to obtain CEU's or further your education?
